

## Rapid Response Role Profile

Role Profile Title	Operations Manager (Yellow and Orange Level Crises)
Immediate Supervisor's Title	Head of DCPRR – Regional level/Head of Country or Country Cluster
Technical Manager's Title (if applicable)	
Number of Direct Reports (if applicable)	
Number of Indirect Reports (if applicable)	

### Operational context

The International Federation of Red Cross and Red Crescent Societies (IFRC) is the world's largest volunteer-based humanitarian network. IFRC is a membership organisation established by and comprised of its member National Red Cross and Red Crescent Societies. Along with National Societies and the International Committee of the Red Cross (ICRC), the IFRC is part of the International Red Cross and Red Crescent Movement. IFRC's headquarters is in Geneva, with regional and country offices throughout the world.

Due to the nature of emergency response operations, this role profile is an outline of the likely responsibilities applicable to the Operations Manager, deployed in a Federation co-ordinated operation. They are complementary to and should be read in conjunction with the specific tasks elaborated in the Deployment Order / Terms of Reference.

### Job purpose

The Operation Manager takes up the lead in managing the IFRC Emergency Appeal operation in yellow or orange level emergencies. She/he supports the National Society in successful planning and implementation of appropriate response. The operation manager is reporting to the head of country or head of Country office or the head of the Country Cluster Support Team and is responsible for the overall implementation of the operations.

The main responsibilities of the Operation manager are related to strategy and priorities definition, management of overall operation, external coordination, Movement coordination, security management, and transition to recovery. If a Deputy Ops Manager is deployed, she/he will take on the responsibility of the coordination and design of the operational strategy.

## Role Requirements

### Role duties and responsibilities

1. Assume responsibility for leading the operation on behalf of the IFRC in the affected country, ensuring appropriate links with IFRC structure (Resource management and Programme management).
2. Supervise IFRC technical sectors in country and in the regional office to ensure they work closely with the managers of relevant NS departments in all related programming roles and responsibilities, providing advice and recommendations that carefully consider local capacity and context.
3. Constantly monitor the disaster situation and overall context and adapt the orientation or set-up of the operation.
4. Act as a link between the affected National Society (NS) and IFRC secretariat in case new assistance is required for responding to a new threat.
5. *Movement context, principles and values:*
  - i. Promote and assist the integration of humanitarian priorities and interventions within all relevant programming divisions in the NS.
  - ii. Analyse and adapt Movement systems and standard operating procedures and innovates where needed to meet the needs of affected communities.
6. *Coordination:* Advocate for and design integrated operational strategies considering partner's respective capacities to ensure that all components of the response are identified, planned and carried out in a coordinated, collaborative and integrated manner

7. *Programme management, planning, monitoring & reporting:*
  - i. Lead the operational strategy to develop programme approaches which strengthen and develop the National Society's structures, capacity and performance; analyze and understand their current strengths and weaknesses and ensure provision of necessary technical and material support particularly in relation to the ongoing crisis.
  - ii. Encourage joint assessment, planning and implementation between sectors, where appropriate, moving towards an overall multi-sector integrated approach.
  - iii. Monitor implementation of interventions and ensure the projects remain fit for purpose.
  - iv. Ensure rigorous monitoring and management of budgets to all Federation-assisted programmes within the NS, ensuring compliance with IFRC finance procedures and that expenditure is within income and approved ceilings and within donors earmarking requirements. Identify problems and solutions in a timely and effective manner.
  - v. Consider the exit strategy for the operation from an early stage and how it might link to and support the NS long-term programmes.
8. *Resource management:* Advise on the need of human resources, support deployments in coordination with the Country and Regional IFRC offices, HR departments and/or surge desk, and have overall responsibility for resource management.
9. *Direction setting, operational objectives and team planning:* Define and communicate the operation's strategic direction to implement and the development of capacities within the NS for emergency response and review contingency planning for identified threats in operational areas.
10. *Safety and Security, and Risk Management:* Ensure the safety and security of staff in the operation by taking operational decisions based on changing risk levels, providing relevant updates to stakeholders and factoring in risk management into planning, through existing security structures when possible.
11. *Interpersonal communications and collaboration:* Act as operations focal point for a diverse range of communication channels to deliver accurate, clear and concise messages and handle media interviews confidentially, eloquently and professionally. Provide overall guidance for communications.
12. Conduct strategic analysis of the situation to identify humanitarian issues and potential risks, including fraud and corruption, by gathering relevant information, evaluating its impact and managing sensitive information discreetly and professionally.
13. Champion high quality accountability standards and ensure compliance with relevant policy and procedures.
